

**Philosophy and Purpose
Of
Catholic School Athletic Programs
In the
Diocese of Belleville**

The Catholic school athletic programs exist in the Diocese of Belleville to enhance the relationship between faith, religious practice, and the activities of daily living. Sports programs are an integral part of the Catholic educational and catechetical mission.

All activities within the Catholic school environment are designed to assist this mission by helping young people develop a strong moral character* based in faith. The educational experience is meant to bring the entire person (mind, body, and spirit) closer to his or her realization that every child is made in the image of God. This character development must underlie the total daily school experience.

Every aspect of the school experience must contribute to this endeavor from the quality and thoroughness of academic work, to how the students behave and treat one another, and to how they play on the playground. Formal athletic programs offer a unique opportunity for adults to supervise youth in the application of Christian principles learned in the school environment to the often highly emotional past time of sports. Athletics is one of the most effective ways to teach “applied Christianity.”

For instance, school athletic programs present ideal opportunities for teaching youth important life lessons: setting and meeting goals, controlling impulses, overcoming challenges and obstacles, and learning to sacrifice for the good of others. Playing sports can teach youth self-discipline, respect, responsibility and perseverance, and generate moments of pride, satisfaction and joy, regardless of the wins and losses a team may experience.

All of these virtues and social and emotional abilities are at the core of the Gospel message. Making connections between such virtues and abilities and the person and teachings of Christ is one of the challenges of making a sports program a truly Catholic experience, which is the challenge facing every Catholic school.

It is imperative that school leaders and coaching staffs work closely together to ensure that the athletic mission contributes to the school’s overall spiritual mission. The school’s academic and athletic programs, as well as all school activities, must contribute to the spreading of the Gospel. Teaching and coaching philosophies within the school must be frequently evaluated to make sure they are reflecting the values of Jesus.

*A strong character is formed and maintained when an active and well-formed conscience becomes a consistent moral guide, and such virtues as patience, generosity, honesty, obedience, compassion, understanding, respect, tolerance and prudence become habits of thought and action.

Effective in the fall of 2000 all new coaches, assistant coaches, and anyone having direct contact with children must follow the child protection policy which includes a criminal background check – fingerprinting for coaches that receive compensation, Cants, and the Initial Child Protection Policy Training. Forms are available on the Diocesan Office of Education Portal at www.diobelle.net.
- C. Each athletic director is to be evaluated at the end of the season by the principal. Each coach is to be evaluated at the end of each season by the athletic director and principal, especially on the following code of conduct: (Forms are available from the Office of Education). Athletic Director Evaluations will be kept on file in the Office of Education. All Athletic Directors are required to evaluate all coaches at the end of the sports year. These evaluations should be kept on file in the particular schools' office
- D. Each coach must be 21 years of age. A coach under the age of 21 should be the "assistant coach" and be under the guidance and supervision of the adult (21) coach.

5.1 Code of Conduct

- I. It is strongly recommended that each player be given an adequate opportunity to participate.

5.2. The coach is also responsible to see that:

Each school may make such additions as seem necessary to promote good sportsmanship. Each school shall set a code of behavior for their fans which promotes good sportsmanship and takes into account the level of competition. The coach and athletic director shall be responsible for enforcing the code of behavior for fans.

Any official, coach, principal, parent, etc., has the right and is encouraged to inform the Office of Education when anyone violates these codes. A letter shall be sent to the Office of Education and a copy to the principal of the school in question. The Office of Education will rule on these matters.

Therefore, the coach, along with the school athletic director, is responsible to see that:

- A. Parents/fans and supporters of the school athletic program do not use abusive language directed at the referees, players and coaches from other teams. Parents must attend Mandatory parent meetings prior to their child's participation in sports. Each school's Athletic Director and Principal will devise their own method of arranging these meetings. No child can compete in diocesan sports unless the parent's attend this meeting. Each parent is to receive a copy of the diocesan sports policy.
- B. Parents/fans and supporters of the school athletic team treat all officials with respect and refrain from criticizing officials during and after games.

- D. The actions of parents and fans promote good sportsmanship among everyone present.

NOTE: Starting in 2000 the above statements are optional and do not necessarily need to be read before the start of any diocesan controlled events. Each school should have the parents sign the *Win the Prize* parents' pledge card. It is further suggested that each school hold a parents' meeting prior to the start of each sport or one large meeting to cover good sportsmanship practices that would support the *Win the Prize* program and cover the Diocesan Sports Policies and Regulations.

- E. Any Coach, Player, Parent, or Spectator ejected from a game will receive a one game suspension, and may not attend the next contest. This suspension includes any game for the rest of that day and the next scheduled game.

Two ejections of a coach, player, parent, or spectator will result in an automatic suspension for the remainder of the school year for all athletic activities.

Starting in 2000, each school should submit an "Incident Report" form to the Diocesan Office of Education in the event of any unsportsmanlike conduct by coaches, players, parents, and fans. These reports should be submitted within 24 hours and should not be based on the calls of officials or referees. A copy of any "Incident Report" will be sent to the principal of the offending school.

- F. An incident report should also be filed if a school does not provide for adequate certified officials and does not do everything possible to be a responsible and gracious host.

- 5.4. A. Any parent or fan disregarding these guidelines shall be asked to leave the gym or playing field. If the parent or fan disregards the request to vacate the area, the game shall not continue until the person(s) leaves and could result in forfeiture of the game. The coaches of both teams shall see that these regulations are enforced. Any parent or fan that consistently violates these regulations shall not be allowed to attend games until determined

by the principal or parish athletic director. ANY COACH REFUSING TO ENFORCE THESE REGULATIONS SHALL BE SUSPENDED TEMPORARILY OR PERMANENTLY AS DETERMINED BY THE PRINCIPAL OR SCHOOL ATHLETIC DIRECTOR.

- B. WHEN THE PRINCIPAL OR ATHLETIC DIRECTOR IS NOT PRESENT AT AN ATHLETIC EVENT, IT IS THE RESPONSIBILITY OF THE COACH TO INSURE PROPER FAN BEHAVIOR.

- A. It is encouraged that school athletic directors receive a stipend depending on the financial condition of the school and athletic program.
- B. It is encouraged that a stipend be offered to each person coaching a school team, and that a stipend be offered for each team coached, depending on the financial condition of the school and Athletic program.

7. Team Size/Cutting of Players/Team Composition

- A. Schools may determine the size and composition of each team. When team rosters exceed the recommended team roster limit the school shall add additional teams as needed. These additional teams may be based on player ability. Availability of facilities for practices and games, and the availability of other teams to play may necessitate varied opportunities for practices and games among school teams.
- B. When a school does not have a sufficient number of students to participate in a certain sport, the principal and athletic director shall contact the Office of Education to seek available roster spots. When a neighboring cluster school does have roster spots the two principals must agree with the registering of the student(s) for the team. The principals shall work with their school's AD's to place the student(s) with a school team, when both schools agree. This will be done on a sport-to-sport basis but must be done prior to the beginning of that sport season. When the two principals agree, a written request or e-mail must be submitted to the Office of Education. If a school takes players from another school, they must take ALL AVAILABLE players from that school. The combining of schools can not take place until written permission is given from the Office of Education. If a school does not cluster with any other schools or there are no roster spots within the cluster available, the Executive Committee for Athletics will suggest a list of schools within the Diocese that may be contacted regarding possible roster spots.

Only students officially enrolled in a Catholic school in the Diocese of Belleville can compete in school and Diocesan sports activities. Home-schooled and Parish School of Religion (PSR) students are not eligible. When a Catholic school is unable to meet the academic needs of a student/s, student/s will be eligible to participate in the school's athletic program. The student/s must be enrolled in the Parish School of Religion. Any exceptions to this rule must be submitted in writing or e-mailed to the Diocesan Office of Education and must be approved by the Executive Committee for Athletics.

When schools combine with other schools for a particular sport it could elevate them from small school classification to large school status for Volleyball, Basketball and Track according to total enrollment numbers.

***When sending in rosters please note if student is from another school.**

7.1. Team Size/Team Composition

- A. Written justification is required for any student moving up two grade levels to play. Permission must be obtained from the parents, athletic director, coach, principal, and by the Office of Education.
- B. A 5th or 6th grade student may play on a "B" or 7th grade team with the permission of the parent, athletic director and coach, and principal.

- D. Team rosters shall be submitted to the Office of Education no later than two weeks into the season of that particular sport. Rosters must be received from all schools whether you play in diocesan tournaments or play in your area. ONLY those on that roster will be allowed to participate in the diocesan tournament or event. The roster must include all players and all coaches.

Note: Any exceptions must be approved by the principal and the Office of Education.

F. 4th Grade Organized Sports

While activities may be organized to provide introductory 4th grade athletic experiences, no school may conduct a long-term competitive season at this level. Teams shall engage in a maximum of (4) scrimmage activities. These activities are subject to Diocesan regulations. (This does not apply to soccer.)

8. Playing Time

- A. Playing time and selection of starters in grades seven and eight will be up to the discretion of the coaches and will be dependent upon a coach's evaluation of an individual student's ability, attendance, attitude and behavior at practices and games.
- B. The emphasis of the athletic program in grades five and six shall be learning fundamental skills and gaining self-confidence. Coaches shall give each student as much playing time as possible (**this does not mean equal playing time**) as well as a chance to start some games; however student's attendance, attitude, and behavior at practices and games also will determine the amount of playing time. All rostered players shall have played by the end of the game in all diocesan controlled sporting events.
 - **Minimal playing time for time sports at the junior level for rostered players should be no less than one minute.**
 - **All players in junior volleyball must play before the end of the second match.**
- C. Students and parents who have questions, concerns, or complaints should first consult with the coach after 24 hours have elapsed from the time of concern. In the best interests of the children, both the parents and the coaches should make every effort to keep the lines of communication open. Whenever an issue is not able to be resolved, the parent, student or coach should approach the athletic director and then the principal.
- D. It is required that all parents be informed and given a copy of the Diocesan Sports policy at the beginning of each sports season of the school's policy and guidelines regarding team composition, playing time, and player eligibility, as well as, parent and coach behavior at games.

- E. School athletic programs are encouraged to develop their own criteria in addition to that stated above for playing time at each grade level.
9. Cheerleading and Pom Pon Squads.
- A. A school may have one cheerleading or pom pon squad. This squad should be composed of eighth grade students. Only seventh grade students may be on the squad if there are not enough eighth grade students for the squad. This must be approved by the principal, pastor and School Board of Education before a seventh grade student can participate.
- B. A student shall participate in only one team sport or athletic activity at a time. The four activities per week rule, #2A, apply for cheerleading.
- C. There may be no more than 8 members of the squad on the floor at all times. This rule does not pertain to half time dance routines.
- D. A squad shall cheer for one "A" game each day. Under no circumstances may any squad for a school perform at fifth, sixth, or seventh grade games.
- E. The awarding of trophies for cheerleading squads at basketball tournaments or games shall be eliminated.
- F. The cheerleading squad should have an appropriate time and place to practice with proper supervision. Attendance at games and practices must be properly supervised and must follow the same guidelines established regarding the boys' basketball teams.
- G. Cheerleading moderators must be certified and approved by the Office of Education and be approved by the principal and athletic director. The cheerleading moderator is under the direction of the athletic director and must be 21 years of age or older. An adult moderator or supervisor must always be present at games and practices. All drills, movements, and routines shall be approved by the cheerleading sponsor, athletic director, and principal prior to implementation. Under no circumstances shall what is considered "acrobatic" activities be included in a cheerleading routine. The following activities are not allowed:
1. standing, sitting, kneeling on backs and shoulders;
 2. flips, round-offs, back hand springs – either with or without hands touching the floor;
 3. propping oneself off the floor on another's legs;
 4. Pyramids of any sort.
- This policy also includes public school teams utilizing a Catholic school facility.
*** Failure to follow this regulation may result in total ban of cheerleading and/or forfeiture of games the cheerleaders performed at.**
10. Team Behavior
- a. Grade school years are a time for the development of friendships. Placing students in an intense competition with each other in school-sponsored extra-curricular activities is not conducive to the formation of friendships and often results in unnecessary stratification. Therefore, any athletic team or cheerleading squad that is judged to be a disruptive element in the school by the principal and/or athletic director may be immediately disbanded for the duration of the season.

11. Player Eligibility
 - A. A player may be suspended or dropped from the school team only for major violation of school or parish policy. This can include repeated violation of published policies set forth by the athletic program. These policies should include statements on student attitude and conduct.

 - A. A request permission form must be on file with the principal for each student participating in the athletic program; it should be signed by a parent or guardian. An emergency form for each student should also be on file.
 - B. It is recommended that the coach also be given a copy of these forms.
 - C. The permission form should also include information about the type of health insurance the student has.
- 11.3 Student classroom behavior and academic progress.
 - A. A student's classroom behavior and academic progress is best handled by the teacher and principal and, therefore, should remain a school and parental concern not usually connected with the school athletic program.
 - B. A student may not be excluded from participating in sports activities because of low grades or unfinished homework. However, if it is determined that a student's extra-curricular activities interfere with the student's academic progress or classroom behavior the student may be excused for a time. These situations shall be thoroughly investigated by the teacher and principal before any disciplinary action is taken regarding athletic sports participation.
 - C. Any disciplinary action connected with the school athletic program should be **discussed** with joint participation by the student, teacher, parent, principal, coach and/or athletic director. **THE FINAL DECISION WILL BE DETERMINED BY THE PRINCIPAL.**
 - D. Keeping in mind that the total welfare of the student is the primary concern, there are often many other effective and positive methods available that can help motivate a student's academic progress or behavior than excluding a student from playing sports.
- 11.4 Age Requirements
 - Parochial - (7th & 8th Grade) under 15 before September 1 of the current school year.
 - Junior - (5th & 6th Grade) under 13 before September 1 of the current school year.

Exceptions: Granted in writing by the Office of Education.

12.
 - A. For all athletic events, schools must use I.H.S.A. certified referees or other state or diocesan certified officials.

 1. The home team forfeits and there is no game.
 2. The home team forfeits and the game is played.
 3. Both teams play the game with the signed agreement of both coaches and results count in league standings.

 - D. For those schools involved with soccer: All referees must be certified by the Illinois Youth Soccer Association or the Illinois High School Association (Starting Fall 2004).
13. Each local Board of Education should develop a philosophy statement on the purpose of elementary level athletic activities. The philosophy statement should be designed so that elementary athletic programs have their proper place in the lives of the students. School athletic activities should be enriching and enjoyable, and foster Christian charity. Excessive emphasis on winning and competition is not consistent with this approach and is, therefore, to be avoided.
14. Only Catholic elementary schools are eligible for participation in Diocesan sponsored elementary school tournaments.
15. Enforcement
 - A. After a thorough investigation, any school athletic program found to be in willful violation of these published policies, will be given a warning or placed on suspension. Notice of a probation or warning will be sent to the principal, School Board of Education and the athletic director.
 - The length and degree of probation is to be determined by the Diocesan Executive Council for Athletics and/or the Director of Education for the Diocese.
 - If a school program on probation does not correct the violations, the program will be placed on suspension and all other Diocesan school athletic programs will not be able to schedule the suspended school in any athletic activity until violations are rectified.
 - A school athletic program may appeal the Executive Council's decision to the Diocesan Board of Education.
 - Any school or individual that repeatedly violates Diocesan sports policies will be evaluated by the Director of the Office of Education. If the situations warrant it, they or their school may be suspended from diocesan school athletics.

- A Diocesan Tournament Supervisor will be assigned to attend each Diocesan Junior and Parochial Tournaments. The Supervisor will have the authority to enforce Diocesan policies with appropriate sanctions. Sanctions can include forfeit of game and dismissal of parents, players, or coaches from the premises on game day. There will be a written report given to the Coach, the Office of Education, and the school principal at the end of each game.

16. Executive Council

A. The Diocesan Executive Council for Athletics will be convened by the Office of Education. The procedure for changing Sports regulations is as follows:

1. The Athletic Director should meet with the Principal of their school.
2. Recommended changes should be discussed at the area principals meetings.
3. Recommended changes should be discussed at the executive committee of the AEP.
4. These changes will be discussed at the Executive Council of Athletics meeting.

17. SCHOOL RESPONSIBILITIES IN HOSTING ATHLETIC EVENTS.

- A. A PERSON SHALL BE DESIGNATED TO OVERSEE, SUPERVISE, AND COORDINATE EACH ATHLETIC EVENT HELD AT A SCHOOL.
- B. THE PERSON SUPERVISING THE ATHLETIC EVENT MUST BE SOMEONE OTHER THAN THE COACH WHO IS PARTICIPATING IN A GAME.

18. EVERY SCHOOL IS TO ADOPT AND FOLLOW A “24 HOUR” COOLING OFF PERIOD **ON ANY CURRENT COMPLAINT OR FROM A PRIOR GAME** TO DIFFUSE POTENTIAL PROBLEMS BETWEEN PARENTS, SPECTATORS, OFFICIALS AND COACHES.

19. IF A SCHOOL DOES NOT SHOW UP FOR A DIOCESAN TOURNAMENT GAME THEY WILL BE FINED \$250.00. IF THEY CANCEL 24 HRS. BEFORE THE TOURNAMENT THEN THEY WILL BE FINED \$150.00.
