To receive the discounted parishioner tuition rate, it is understood that your family promises to be committed to the parish by participation in the prayer of the community, and by supporting the community financially, and through ways that you can use your talents to help with the activities of the community. Failure to do this will jeopardize the tuition rate and parish subsidy for these families.

Our tuition increase for next year reflects the true cost of providing a high-quality Catholic education in today's economic climate. Rising expenses in instructional materials, technology, staffing, and school operations make it necessary for us to adjust tuition so we can continue delivering strong academics, a safe learning environment, and a vibrant faith community for every child. Even with this adjustment, our rates remain below most—if not all—Catholic schools in our region. We remain committed to keeping Catholic education accessible while ensuring that our students are formed not only in knowledge, but also in discipleship, character, and faith.

We are happy you have expressed interest in joining the HCS family. Having your child attend HCS is an important step in a child's academic and social development. It is beneficial to provide them with the structure, routine, and environment that will prepare them for many years in a school setting. It is even more beneficial at HCS, where students can be introduced to the Catholic Faith and learn some of the foundations of the teachings of Jesus.

We do understand that, whenever possible, we are called up to help families who might need financial support. Therefore, we do offer financial scholarships that could be awarded at 60%, 40% and 20% of the families' tuition for grades K-8. For PreSchool and PreK, we will award scholarships at 30% and 10%. See additional page for details.
